### CHARLEROI BOROUGH IN WASHINGTON COLUMN

**Big Plurality Shown for Col. Roosevelt and His Ticket**

**REPUBLICANS SHORT**

**Assembly and Congressional Fight Close--Temple Secures Slight Lead**

With the largest vote ever cast in an election, which might be said to have been spontaneous, as there was comparatively little organized effort made to get the vote out, Charleroi voters repeated their action at the April primary of giving a majority for the Roosevelt candidates at the election of yesterday. The total vote polled in the borough was 1,151, the largest ever cast, and in this heretofore pompregnant Republican stronghold Roosevelt led Taft by a plurality of 164. It was truly an election of surprises--to the Republicans at least, who confidently counted on carrying the borough for the head of their ticket.

With the exception of William Feeney, the local Republican candidate for assembly, who led Theodore Allen, the local Roosevelt candidate for assembly, by 33, the Republican candidates for assembly were also beaten in the borough by the Roosevelt candidates. Even Temple, the Roosevelt candidate for congress, led Matthews, the Republican candidate, in the borough by a margin of 35. The Republican state candidates, who were endorsed by the Roosevelt people, carried by large pluralities.

A remarkable feature of the election was the utter absence of partisan electioneering or wrangling at the polls. This was no doubt due to the fact that there was no organized effort made at the polls to influence voters. The various party watchers were on hand with their poll books, but these were sadly at sea in their markings and estimates of the political affiliations of the voters as they were checked off. Some of the watchers who thought sure that the voters in their precincts had voted their way were somewhat chagrined when the count was made to learn that the result was contrary to their expectations.

Some of the other surprises were the large Democratic and Socialist votes polled in the borough. For the first time in several years the Democrats made a united effort, and polled the unusual vote of 215 for the head of their ticket. The Socialist vote for Debs for president was 129, while Louis Goaziou, the local candidate for assembly, ran ahead of his ticket, polling 147 votes in the borough.

The assembly vote was as follows: Allison 13, Feeney 13, Walker 13, Carson 3, McFarland 3, Post 3, Allen 24, Brownlee 23, McCalmont 23. For State Treasurer Young got 37 and Berry 3 votes and for Auditor General Powell got 37 and Crews 3. Morin, Lewis, Walters and Ruple each got 37 votes for Congressman at large and each of the Democrats got three.

### HONORS ARE DIVIDED IN WASHINGTON COUNTY

**Speers for Roosevelt**

**Pay Tribute to Colonel, and Fails to Give Show to Taft or Wilson**

Roosevelt won 24 votes to Wilson's 5, Taft's 4 and Debs 13. For State Treasurer Young secured 28 votes; Berry 5 and Schwartz 13. For Auditor General, Powell secured 30 votes, Cresswell 4, and Socialist 13 votes. For Congress Matthews was given 4 votes, Lacock 4 votes and Temple 22 votes. Allen was given 20 votes, Brownlee 21, and McCalmont 20, Allison 4, Feeney 4, Walker 5, Carson 5, McFarland 4, Post 1.

### STATE FIGHT CLOSE

**Electoral Votes Will Be Cast for Roosevelt, However**

**WILSON'S LEAD GENERAL**

Woodrow Wilson of New Jersey, and Thomas R. Marshall of Indiana, the Democratic candidates for president and vice president of the United States, were elected by an overwhelming majority, both in the electoral college and by a popular vote at the election yesterday. The indications are that Wilson and Marshall will have in the neighborhood of 407 electoral votes, while Roosevelt will have 112, with Taft, the Republican candidate a poor third, with but 12 electoral votes. As a matter of course this estimate may be greatly revised by later and more complete returns, but the election of Dilson is overwhelming. It is even claimed that Taft may not poll a single vote in the electoral college, but this is hardly probable.

The states that are claimed for Roosevelt at this writing are Pennsylvania, Illinois, Iowa, Kansas, Michigan, and Washington, 112 votes. Taft is only credited with three states, and even these may be wrested from him by later returns. These are New Hampshire, Utah and Vermont, with 4 electoral votes each, a total of 12. Although Pennsylvania is claimed by the Roosevelt people, it is possible that more complete returns may give it to Wilson, the Democratic candidate. In none of the eastern States, however was the

**District Returns Give W. & J. College Man Congressional Seat**

The Roosevelt ticket and Democrats divided the honors in Washington county. In the district Dr. Henry W. Temple of Washington and Jefferson college and as scholarly a man as President-elect Woodrow Wilson, is elected to congress over Congressman Charles Matthews by a margin of 1,000 votes. The assembly winners from Washington county are Carson, and Post, Democrats, with approximately 5,100 votes each, and T. B. H. Brownlee, Washington, with 5,000 votes.

The Roosevelt presidential ticket won hands down, Roosevelt electors being tendered a vote of 6,200 votes. Wilson was next with 5,500 and Taft third with 4,300 votes. These represent all the precincts but about four which would make no material difference.

The vote for congress in this county gives Temple first with approximately 5,800 votes; Lacock, Democratic with 4,900 votes and Matthews third with 4,300 votes.

The approximate vote for assembly is as follows: Republicans, Allison 4,500; Feeney, 4,479; Walker, 4,500; Democrats--Carson, 5,100; McFarland, 4,900; Post, 5,100; Washington--Allen, 4,900; Brownlee, 5,000; McCalmont, 4,800.

### SOCIALISTS ARE THICK IN ALLEN THIRD PRECINCT

Taft carried well in the third precinct of Allen township with 34 votes. Wilson got 10 and Roosevelt 18. Matthews vote was 8, Lacock's 4, Feeney's 4, and the Socialist candidate for Congress 10. For assembly the vote was as follows: Allison 4, Feeney 9, Walker 3, Carson 4, McFarland 4, Post 4, Allen 4, Brownlee 4, McCalmont 4, and each of the three Socialist candidates 10 each.

Tom Crago Defeated. Returns from the Twenty-third congressional district composed of the counties of Fayette, Greene and Somerset, are to the effect that Col. Thos. Crago of Waynesburg has been defeated for re-election to congress by Harvey W. Berkley the Bull Moose candidate.

# NORTH CHARLEROI REPUBLICANS WHO MADE HARD FIGHT GOES DEMOCRATIC FOR THE LEADERS

The Democratic candidates were favored in the voting at North Charleroi. Wilson for president and Carson for assembly were complimented with a vote of 63, the highest for any single individuals or individual tickets. There were five Prohibition and 21 Socialist votes. President William H. Taft, and the late vice president, James Sherman.

## Monessen Bull Moose.

Monessen polled a big vote in Tuesday's election. Out of a total of 1,174 ballots cast Roosevelt polled 502, Taft 282, Wilson 197. Editor C. L. Schuck of the Monessen News, one of the Republican candidates for assembly who was endorsed by the Washington party, is believed to be elected, as well as the other Republican candidates for assembly in Westmoreland county.

Governor Johnson's progressive administration of California has cost the State during its first year a million and a half more than the last year of the previous administration cost, and it is asserted that the holders of the many new jobs created are required "voluntarily" to contribute ten percent of their pay to the Roosevelt-Johnson campaign sack.

Assemblyman William Feeney, of Charleroi, defeated for re-election.

Special Sale of Dr. Armor's All-Cotton felt mattresses, \$15.00 value for \$7.95 at Pfleghardt's this week.

# RECEIVE RETURNS LOCALLY

Election returns were as well handled in Charleroi as they were any where. They were received over special wire at the Democratic headquarters, the Washington party headquarters, the Elks' club and at the Palace Theatre. Thus Charleroi people were kept in touch with the returns as they came from all over the country. It was only about 19:30 when the news came from a New York newspaper that Wilson had the necessary 266 electoral votes to enable him to be declared the winner of the Presidential race. This announcement was greeted with hurrahs by Democrats and as an inevitable consequence by the rest. An immense crowd lined McKean avenue watching the flashing of the returns from the Palace Theatre, while the Democratic headquarters and the Washington party headquarters were besieged with anxious voters until away after midnight. The Mail covered the local returns and received the first news of any definiteness from the county and district.

Congressman Charles Matthews, who was beaten in a hot fight.

# STATE FIGHT CLOSE

(Continued from First Page.)

Roosevelt sweep so pronounced as in Pennsylvania.

The congressional situation is still in doubt, but the indications are that the Democrats have greatly increased their representation in congress from Pennsylvania and for the first time in the history of the Republican party may have a majority of congressmen from the Keystone state.

The legislative situation also is still in doubt, the Democrats claiming that they will have an even break. Indications, however, are that the Republicans will still control the legislature, but by a greatly reduced majority.

It is probable that the state Republican ticket is elected by a safe majority, as well as the four Republican candidates for congressman at large, as this ticket was endorsed by the Roosevelt people.

Both President Taft and Col. Roosevelt early conceded their defeat and each telegraphed congratulatory messages to Woodrow Wilson, the successful Democratic candidate.

## ALLEGHENY COUNTY GOES FOR ROOSEVELT

Roosevelt has carried Allegheny county by 17,000 according to estimates at noon with the majority of the district reported. Wilson is running second, but is being stubbornly pressed for that place by Taft.

The returns indicate that Powell and Young will carry the county easily for auditor general and state treasurer.

For congressman-at-large John M. Morin is running ahead of his colleagues on the ticket.

Congressman Stephen G. Porter of the Twenty-ninth district seems sure of election. There is doubt in the other three districts.

### HONORS ARE DIVIDED IN WASHINGTON COUNTY

**Speers for Roosevelt**

**Pay Tribute to Colonel, and Fails to Give Show to Taft or Wilson**

Roosevelt won 24 votes to Wilson's 5, Taft's 4 and Debs 13. For State Treasurer Young secured 28 votes; Berry 5 and Schwartz 13. For Auditor General, Powell secured 30 votes, Cresswell 4, and Socialist 13 votes. For Congress Matthews was given 4 votes, Lacock 4 votes and Temple 22 votes. Allen was given 20 votes, Brownlee 21, and McCalmont 20, Allison 4, Feeney 4, Walker 5, Carson 5, McFarland 4, Post 1.

### STATE FIGHT CLOSE

**Electoral Votes Will Be Cast for Roosevelt, However**

**WILSON'S LEAD GENERAL**

Woodrow Wilson of New Jersey, and Thomas R. Marshall of Indiana, the Democratic candidates for president and vice president of the United States, were elected by an overwhelming majority, both in the electoral college and by a popular vote at the election yesterday. The indications are that Wilson and Marshall will have in the neighborhood of 407 electoral votes, while Roosevelt will have 112, with Taft, the Republican candidate a poor third, with but 12 electoral votes. As a matter of course this estimate may be greatly revised by later and more complete returns, but theselection of Dilsonisoverwhelming. It is even claimed that Taft may not poll a single vote in the electoral college, but this is hardly probable. The states that are claimed for Roosevelt at this writing are Pennsylvania, Illinois, Iowa, Kansas, Michigan, and Washington, 112 votes. Taft is only credited with three states, and even these may be wrested from him by later returns. These are New Hampshire, Utah and Vermont, with 4 electoral votes each, a total of 12. Although Pennsylvania is claimed by the Roosevelt people, it is possible that more complete returns may give it to Wilson, the Democratic candidate. In none of the eastern States, however was the

**District Returns Give W. & J. College Man Congressional Seat**

The Roosevelt ticket and Democrats divided the honors in Washington county. In the district Dr. Henry W. Temple of Washington and Jefferson college and as scholarly a man as President-elect Woodrow Wilson, is elected to congress over Congressman Charles Matthews by a margin of 1,000 votes. The assembly winners from Washington county are Carson, and Post, Democrats, with approximately 5,100 votes each, and T. B. H. Brownlee, Washington, with 5,000 votes.

The Roosevelt presidential ticket won hands down, Roosevelt electors being tendered a vote of 6,200 votes. Wilson was next with 5,500 and Taft third with 4,800 votes. These represent all the precincts but about four which would make no material difference.

The vote for congress in this county gives Temple first with approximately 5,800 votes; Lacock, Democratic with 4,900 votes and Matthews third with 4,300 votes.

The approximate vote for assembly is as follows: Republicans, Allison 4,500; Feeney, 4,479; Walker, 4,500; Democrats--Carson, 5,100; McFarland, 4,900; Post, 5,100; Washington--Allen, 4,900; Brownlee, 5,000; McCalmont, 4,800.

### SOCIALISTS ARE THICK IN ALLEN THIRD PRECINCT

Taft carried well in the third precinct of Allen township with 34 votes. Wilson got 10 and Roosevelt 18. Matthews vote was 8, Lacock's 4, Temple's 4, and the Socialist candidate for Congress 10. For assembly the vote was as follows: Allison 4, Feeney 9, Walker 3, Carson 4, McFarland 4, Post 4, Allen 4, Brownlee 4, McCalmont 4, and each of the three Socialist candidates 10 each.

**Tom Crago Defeated.**  
Returns from the Twenty-third congressional district composed of the counties of Fayette, Greene and Somerset, are to the effect that Col. Thos. Crago of Waynesburg has been defeated for re-election to congress by Harvey W. Berkley the Bull Moose candidate.

## THE LESSON.

It is customary for the losing party  
in an election to make excuses and  
read a lesson for the defeat. From  
a Republican standpoint there is lit-  
tle to explain for yesterday's results,  
but there may be read a deep and  
lasting lesson on the folly of political  
leaders attempting to force upon their  
party a candidate that the rank and  
file of the voters does not want. The  
crushing defeat of the Republican  
party yesterday at the polls is evi-  
dence that the people will not stand  
for this action any more, particularly  
when there is great political unrest  
and social dissatisfaction abroad in  
the land.

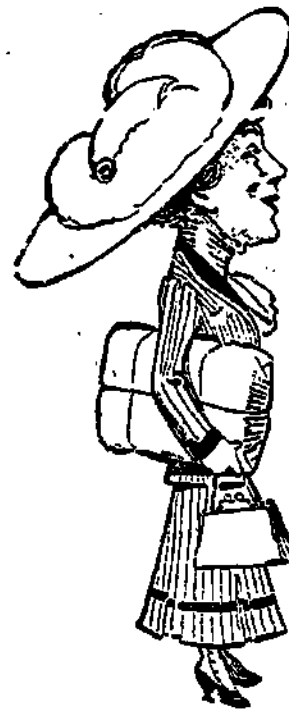

Without entering into a discussion  
as to the merits or demerits of Pres-  
ident Taft, whom the Mail believes  
was in every way qualified for and  
entitled to re-election, it was mani-  
festly evident that the people did not  
want him. While this disapprobation  
might have been considered unjust  
and unwise by those who were more  
familiar with conditions than the  
masses, it was nevertheless fully re-  
sult of the people's will.

The mistake, perhaps, was in be-  
lieving that precedent and old time  
party fealty would override all ob-  
jections. There was a time when this  
was sufficient to elect a candidate,  
but not in these times of political un-  
rest and social discontent. The peo-  
ple are determined to have many  
changes and the lesson to be learned  
on the part of the Republican leaders  
is that the party must adapt itself  
to changing conditions. Otherwise  
it will be wiped out of existence.  
The people rule and it is manifestly  
evident that they propose from this  
time hence to have a more direct say  
as to how they shall be governed.

## ACCEPT GRACEFULLY.

However much disappointment may  
be felt as to the result of Tuesday's  
election, the only thing for the losers  
to do is to gracefully accept the sit-  
uation and become loyal supporters  
of the new executive when he is in-  
augurated into office as be-  
choice of the majority of the people  
at the polls and as our government  
is based upon the popular sovereignty  
of the people, the minority must  
submit to the decision of the majority.  
From the time that Woodrow Wil-  
son is inaugurated into office as be-

comes the chief executive of the  
whole people, and not the partisan  
exponent of the political views of a  
part of the voters. It is true that he  
may have policies and views with  
which a large part of the people may  
have disagreed, in theory, at least,  
but in actual practice it is not at all  
likely that anything radical will be  
attempted in the way of legislation  
that will work a hardship to the busi-  
ness interests of the country. The  
thing to do now is for everybody to  
forget about the election and the pre-  
vious inflammatory campaign talk and  
to saw wood. If that is done the  
prosperity that is so well under way  
will not experience a ripple in the  
change of administration.

The in-coming executive will be the  
president of the whole people and it  
is up to the people to give him all the  
loyal support possible.

## ELECTRIC SPARKS

Woodrow Wilson ought to appoint  
Col. Theodore Roosevelt his secretary  
of state, if political services count  
for anything. Woodrow owes the  
Colonel an everlasting debt of grati-  
tude.

The Pittsburgh Gazette Times this  
morning says that this talk before  
election about the people not ruling  
is all bosh. It is evident on the face  
of the election returns that the peo-  
ple do rule.

It has been discovered that tabbing  
voters by means of a poll book and  
making election predictions accord-  
ingly is not an altogether safe propo-  
sition.

Those politicians who insist they  
know what the people want better  
wait these days to be given a severe  
jolt.

A good way for Republicans to let  
themselves down easily is to adopt  
the language of the French marshal  
in announcing a defeat: "All is lost  
except honor."

The initiative, the referendum and  
the recall for even Pennsylvania are  
not so far off as they apparently  
were a few days ago.

With one or two striking excep-  
tions, political leaders these days  
seem to be conspicuous by their ab-  
sence.

Wonder if the Washington Observer  
will credit Charleroi's large vote to  
the phantom influence?

That waddle with day dreams is  
that they have an arm.

## PICKED UP IN PASSING

A group of men were discussing  
political affairs election day. Some  
of the party were Bull Moosers, some  
Republicans and some of that class  
known as "non-committals." The  
implication was made that one was  
Republican. The cap apparently  
didn't fit. Dr. J. K. Smith who as is  
well known is a Democrat approach-  
ed and was hailed.

"Here, Doc, tell these men my poli-  
tics," broke forth the one whose af-  
filiations had been questioned.

"Well, you are either a Democrat  
or a Bull Mouser," answered the doctor,  
and hurried on.

"Osh, hb hab bab cob."

Such was the kind of hog latin  
with which a local man was greeted  
by a friend yesterday.

"Huh? Don't quite get yuh."  
"Hb can't awk pany panyer. Ha hab

nouful bab cob. Uberstan?"  
"Well, I am able to comprehend  
through some discernment upon  
which I pride myself the last word  
you said. Dissembling it, it is of  
course, understood. But hang it  
what's the substance of this conver-  
sation?"

"Hb hab bab cob."  
"For the love of St. John, Canada,  
you have it bad whatever it is." Then  
patronizingly, "Now speak plainly.  
Tell me what is your trouble?"

"Ammit all. Ha hab 'een 'tyin' to  
teb yu hab bab cob."

"Do you mean you are getting old?  
You don't look it."

"No, hab bab cob," and the man  
turned away, tears in his eyes. About  
his neck his friend noticed a cloth  
he called to him.

"Were you trying to tell me you  
had a bad cold," he asked.

The sufferer looked at him with an  
expression of disgust and walked on.

## BIRTH OF A LETTER.

The Way "W" Came to Take the Place  
of the Old "VV."

The printers and language makers of  
the latter part of the sixteenth cen-  
tury began to recognize the fact that  
there was a sound in spoken English  
which was without a representative in  
the shape of an alphabetical sign or  
character, as in the first sound in the  
word "wet."

Prior to that time it had always been  
spelled as "vet," the v having the long  
sound of u or of two u's together. In  
order to convey an idea of the new  
sound they began to spell such words  
as "wet," "weather," "web," etc., with  
two u's, and as the u of that date was  
a typical v the three words above look-  
ed like this: "Vret," "Vweather,"  
"Vweb."

After awhile the typefounders recog-  
nized the fact that the double u had  
come to stay, so they joined the two u's  
together and made the character now  
so well known as w. There are books  
in which three forms of the w are giv-  
en. The first is an old double v (vv);  
the next is one in which the last stroke  
of the first v crosses the first stroke of  
the second, and the third is the com-  
mon w we use today.

## CATS AS THEY FALL

They Can Land on Their Feet No Mat-  
ter How They Drop.

It is a common saying that if a cat  
is dropped in any way whatever it will  
always alight on its feet. Since a man  
cannot lift himself by his own straps  
or a boat cannot propel itself through  
the water except by passing against  
the water in some way, many well-  
promoted theories have been advanced  
as to the reason why cats are so common  
sight. The general opinion has been that  
of such interest that the subject was  
taken up a few years ago for consid-  
eration at a session of a British scien-  
tific society.

It is a fact that it is dynamically  
possible for a cat to turn over in the air  
or how dropped, and experiments  
have shown that they actually do it.  
If a ball of wool or a ball of clay is  
thrown from a great height and allowed  
to fall, it will turn over and so that it  
will land on its feet. The same is true  
of a cat. As the cat falls, it turns over  
on its head and so that it will land on  
its feet. The cat's head is so heavy  
that it is able to turn over on its head.

# ARMAGEDDON OF THE SCRIPTURES

Startling Presentation of Coming Events.

PASTOR RUSSELL'S VIEWS.

Churches of All Denominations and the Civil Powers of Earth Are About to Unite in Common Cause—Powerful Influence Preparing for the Battle of Armageddon—A Reign of Anarchy Will Be the Result of the Warfare Until The Messiah Takes Control.

Brooklyn, N. Y., Nov. 3.—The Brooklyn Academy of Music was crowded to the limit today to hear Pastor Russell's presentation of the "Battle of Armageddon." His text was: "He gathered them together unto a place called in the Hebrew tongue Armageddon." (Revelation xvi. 16.) The speaker said:

Armageddon in the Hebrew signifies the "Hill of Megiddo," or Mount of Destruction. It was famous as a battle-field in Old Testament times.

The Lord has seen fit to associate the name Armageddon, with the great controversy between Truth and Error, right and wrong, God and Mammon, with which this age will close, perishing, and the New Age of Messiah's glory be ushered in. He has purposely used highly symbolical figures of speech in the last book of the Bible, evidently with a view to hiding certain important truths until the due time for their revelation. But even in the due time, the Bible assures us, "None of the wicked shall understand" (Daniel xii. 9, 10)—none who are out of heart harmony with God—but only the wise of His people—the "wise virgin" class of the Master's parable.

I have long avoided presentation of my understanding of our text and its context. I take it up now by request, and because I believe it is due time to be understood. I disclaim any special inspiration. In some particulars my views agree with those of other Bible students, and in other respects they disagree. Each hearer must use his own judgment, do his own Bible study, and reach his own conclusions.

Kindly remember that I am not responsible for the figures of speech used by the Lord. My interpretations do indeed constitute a terrible arraignment of institutions which we have all revered and which embrace good people of good works and good works. God's saintly people in these various institutions, being comparatively few, are ignored when systems as a whole are dealt with in prophecy.

The Dragon, Beast, False Prophet. Our context tells us that three impure spirits (teachings) will go forth from the mouths of the Dragon, the Beast and the False Prophet, and these three will be in accord, and symbolical of the doctrines are represented by "frogs." These three doctrines are to have a mighty influence throughout the civilized earth. They are to gather the kings and their armies to the great Battle of Armageddon.

The ecclesiastical kings and princes, and their retainers of clergy and faithful adherents, will be gathered in solid phalanx—Protestant and Catholic. The kings and captains of industry, and as many as can be influenced by them, will be gathered to the same side. The political kings and princes, with all their henchmen and retainers, will follow in line on the same side. The financial kings and merchant princes, and all whom they can influence by the most gigantic power ever yet exercised in the world, will join the same side according to this prophecy.

These "doctrines of demons" represented by the "frogs" will lead many people in this great army to assume an attitude quite contrary to their preference. For a time the waves of liberty and progress will be turned backward and colossal restraints will be considered necessary for self-preservation for the maintenance of the present order of things.

In giving this interpretation, it is necessary for us to indicate what is symbolized by the Dragon, the Beast, and the False Prophet. Bible students of nearly all denominations agree with us that the "Dragon" of Revelation represents the purely "Civil Power." Protestant interpreters generally agree that the "Beast like a leopard" (Revelation xiii. 2) represents the Papacy. But fewer still, we fear, will be ready to support our view that Protestantism is the "Image of the Beast" (Revelation xiii. 15) in our context given another name, "the False Prophet." We urge no one to accept our interpretation, nor shall we think hard of any who refuse it. We will neither slander nor otherwise injure them now, nor threaten them with eternal torture. They have the same right to their views that I have, and the same right to make them known to others. And I, for one, will be very glad to consider anything which opponents may set forth as their interpretations of our text.

"Unclean Spirits Like Frogs." The symbolism of Scripture, rightly understood, are always forceful. When the Holy Spirit used a "frog" to symbolically represent certain

doctrines or teachings, we may be sure the true application will fit well. A frog has a sage look, a wise mouth. It swells itself up in an apparent endeavor to impress the beholder. Its great mouth well represents its chief power, used to croak.

Announcing their approach, we know that an evil spirit, influence, teaching, will come from the Protestant churches federated, from the Church of Rome, and from the Civil authorities, all in full agreement. The spirit of all will be boastful; an air of superior wisdom and knowledge will be proudly assumed—all will croak in harmony. All will tell of dire results that would follow, involving the interests of both the present and the future life, if their counsel be not followed. However conflicting the creeds, the differences will be ignored in the general proposition that nothing ancient must be disturbed, or looked into, or repudiated.

The Divine authority of the Church, and the Divine right of kings, aside from the Church, will not be allowed to conflict. Any persons or teachings in conflict with these boastful and unscriptural claims will be branded as everything else, at the mouths of these "frogs" speaking from pulpits and platforms and through the religious and secular press. The nobler sentiments of some will be strangled by the croaking of the "frogs" and the high priest, respecting Jesus. As Calaphas declared it expedient to commit a crime in violation of justice, human and Divine, to be rid of Jesus and His teachings, so this "frog" spirit will approve of every violation of principle necessary to their self-protection.

The croaking of these "frog" spirits of doctrine will gather the kings and princes, financial, political, religious and industrial into one great army. The spirit of fear, inspired by the croakings of these "frogs," will scourge the passions of otherwise good and reasonable men to fury, desperation. In their blind following of these evil spirits, evil doctrines, they will be ready to sacrifice life and everything on the altar of what they mistakenly suppose is justice, truth and righteousness, under a Divine arrangement.

For a brief time, as we understand the Scriptures, these combined forces of Armageddon will triumph. Free speech, free mails, and other liberties which have come to be the very breath of the masses in our day, will be ruthlessly shut off under the plea of necessity, the glory of God, the commands of the Church, etc. All will seem to be serene, until the great social explosion in our context described as the "great earthquake." An "earthquake," in symbolic language, signifies social revolution, and the declaration of the context is that come like unto it ever before occurred. (Revelation xvi. 18, 19.) Jesus described it as a time of trouble such as never was since there was a nation.—Matthew xxiv. 21.

The Lord Will Gather Them.

The false, frog-like teachings will gather together into one host the great, the rich, the wise, the learned and the kings of the earth, to battle. At this juncture Divine Power will step forward, and our text tells us that He shall gather the marshaled hosts to Armageddon—to the Mountain of Destruction. The very thing which they sought to avert by their union, federation, etc., will be the very thing they will hasten. Other Scriptures tell us that God will be represented by the Great Messiah, and that He will be on the side of the masses. Thus we read in Daniel vii. 13: "At that time shall Michael (the Godlike One—Messiah) stand up"—assume authority. He will take possession of His Kingdom in a manner little looked for by many of those who erroneously have been claiming that they were His Kingdom, and authorized by Him to reign in His name and in His stead.

Jesus declared, "His servants ye are unto whom ye render service." Some may be rendering service to Satan and to error, who claim to be rendering service to God and to righteousness, and some of these may be serving ignorantly, as did Saul of Tarsus, who "verily thought that he did God a service" in persecuting the Church. The same principle holds true reversely. As an earthly king does not hold himself responsible for the moral character of each soldier who fights in his battles, so the Lord does not couch for the moral character of all who will enlist and fight on His side of any question. "His servants they are to whom they render service" whatever the motive or effect prompting them.

The same principles will apply in the coming Battle of Armageddon. God's side of that battle will be the people's side, and the very nondescript host, the people, will be pitted at the beginning of the battle. Anarchists, Socialists, and so-called radicals of every school of reason and unreason, will be in the forefront of that battle. The majority of the poor and the middle class prefer peace at almost any price. A comparatively small number, God's consecrated people, will at heart be longing for Messiah's Kingdom. These will owe the Lord's time and wait patiently for it; they will be of good courage, knowing the outcome outlined in the "more sure word of prophecy," to which they have done well to take heed, "as unto a light shining in a dark place until the Day dawn."—1 Peter i. 19.

The masses will be restless of their restraints, but will be conscious of their own weakness as compared to the kings and princes, financial, religious and political, which will then hold sway. Besides, the masses have no sympathy with anarchy. They realize truly that the worst form of government is better than none. The masses will seek relief through the ballot and peaceful readjustment of earth's affairs for the elimination of evil, for

the placing of monopolies and utilities and the supplies of nature in the hands of the people for the public good. The crisis will be reached when the hitherto upholders of law shall become violators of the law and violators of the will of the majority as expressed by the ballot. Then for the first time will lead the well-meaning masses to desperation; and anarchy will result when Socialism falls.

The Cloud's Silver Lining.

Horrible would be this outlook for the future did we not have the infallible Word of God assuring us of a glorious outcome! Divine Wisdom has withheld until our day the great knowledge and skill which is at the same time breeding millions and discontents. Had God lifted the veil a thousand years sooner, the world would have lined up for its Armageddon a thousand years sooner. But that would have been too soon for the Divine purpose, because Messiah's Kingdom is to be the great Thousand-Year-Sabbath of the world's history. God in kindness veiled our eyes until the time when the gathering to Armageddon would immediately precede Messiah's taking to Himself His great power, and beginning His reign.—Revelation xi. 17, 18.

"Send Them Strong Delusions."

St. Paul wrote, "that they should receive a strong delusion, that it would be one of serious trial and testing to many professing to be Christians. The reason for this he states—they received not the Truth in the love of it" (1 Thessalonians ii. 10, 11). They preferred their own erroneous theories, the Apostle explains, and therefore God will give them over to a "strong delusion," and for them believe the lie which they preferred, and let them suffer for missing the Truth which they did not love. Thus they will be in the condemned host, "fighting against God," because of their lack of love for the Truth.

It is sad to say that we all as Christians have been laboring under a thorough delusion respecting God's Plan. We have claimed that Christ set up His Church in Kingdom power, and that the Church has been reigning on the earth as His representative. On the strength of this delusion, Jews and heretics have been persecuted to death as opponents to Christ's Kingdom. All the while we thoughtlessly repeated the Lord's prayer: "Thy Kingdom come; Thy will be done on earth, as in Heaven." We knew that the Redeemer said that He would come again to make us His Bride and joint-heirs; but we ignored the Scriptures. We were drunk, as the Scriptures symbolically say, "all nations were drunk" with the false doctrine. It is this false doctrine that will constitute the "frog" spirit which soon will begin to croak and to prepare for Armageddon.

The Bible presentation is that the world is a section of the universe in rebellion against Divine authority under the captivity of Satan and his associated fallen angels. By Divine grace Jesus has already "tasted death for every man," and the merit of that sacrifice must, eventually, grant Adam and his posterity a full fair opportunity for the attainment of everlasting life. All who thus see the Divine program and are walking in the light may know something at least respecting the "times and seasons." These brethren "are not in darkness" that that day [and that battle of Armageddon] should overtake them "as a thief"—unawares.

Armageddon Not Yet but Soon.

For forty years the Armageddon forces have been mustering for outside of the conflict. Strikes, lockouts and riots, great and small, have been merely incidental skirmishes as the belligerent parties crossed each other's paths. Court and Army scandals in Europe, Insurance, Trust and Court scandals in America, have shaken public confidence. Dynamite plots, charged by turns on employees and on employers, have further shaken confidence and tended to make each distrustful of the other. Bitter and angry feelings on both sides are more and more manifest. The lines of battle are daily becoming more distinctly marked. Nevertheless, Armageddon cannot yet be fought. Other matters intervene, according to prophecy.

Graphic times have still two years to run. The "Image of the Beast" of our context must get twelve life-power. The image must be transferred from a mere mechanism to a living force. Protection to human nature requires that its organization will still be fairly unaltered. It will be the image of the Beast, divinely or indirectly shall be recognized as possessed of apostolic commission and authority to teach. This prophecy indicates what will come from the true human image, which we believe symbolically represents the Church of England. Ecclesiastical activities of internationalism and imperialism, operating in concert with the suppression of human liberties, await this vivifying of the image. This may come soon, but Armageddon cannot precede it, but must follow perhaps a year after it according to our view of the Prophecy.

Still another thing intervenes. Although the Jews are gradually flowing into Palestine, gradually obtaining control of the land of Canaan, and although reports say that already nine millionaires are there, nevertheless prophecy requires an evidently larger number of wealthy Hebrews to be reached before the Armageddon crisis be reached. Indeed we understand that "Jacob's trouble" in the Holy Land will come at the very close of Armageddon. Then Messiah's Kingdom will begin to be manifested. Thereafter Israel in the land of promise will gradually rise from the ashes of the past to the grandeur of prophecy. Through its Divinely appointed prince Messiah's Kingdom, all-powerful but invisible, will begin to roll away the curse and to lift up mankind.

# MAGIC WATER TOYS

Wonderful Play Toys That Amuse the Children of the Orient.

Europe and America turn out for the education of their children many ingenious toys, but the Oriental youngsters have nothing to compare with the strange expanding water toys with which the children of the far east have for centuries amused themselves.

These are placed in small wooden boxes similar to the little paint boxes so often seen in our own country. They have the appearance of solid shaving broken matches and dilapidated tooth-picks, but when thrown into the water the ingenious toys at once exhibit properties that show them to be considerably more than mere bits of stick.

The wood of these toys has been kindled, and immediately it touches the water it begins to absorb the water and to expand almost indefinitely. As it increases in size it separates and suddenly opens, becoming a very pretty toy. One stick will change into a flowerpot containing it may be a rose-bush in full bloom. Another becomes an obese mandarin carrying an umbrella. Still another will take the form of a sea serpent, very ferocious in its tiny dimensions.

Then, too, there are toys which show figures are colored and present a bewildering variety in design and treatment. Their manufacture is a trade secret, kept inviolate by the guild that turns them out by the thousands.

For other children there are provided larger and even more artistic figures, consisting of historical characters—kings, warriors and soldiers—and dwarfed trees and tiny houses, whose doors and windows are full of inmates, are also among this class. The more ordinary kind cost a mere song, but the finer toys are quite expensive.—New York Press.

# Willing to Trade.

Uncle Mose was a chronic thief, who usually managed to keep within the petty larceny limit. One time he miscalculated, however, and was sent to trial on a charge of grand larceny.

"Have you a lawyer, Mose?" asked the court.

"No, sah."

"Well, to be perfectly fair I'll appoint a couple, Mr. Jones and Mr. Brown will act as counsel."

"What's dat?"

"Act as your lawyers. Consult with them and prepare to tell me whether you are guilty or not guilty."

"Yes, sah."

Mose talked to his attorneys for a few moments in hushed whispers. The judge caught only the several times repeated word alibi. Then Mose arose, scratched his head and addressed the court.

"Jedge, yoh honah," he said, "you's I's only an ignorant nigger an' Ah don't want to both yoh yoh honah, but Ah would sutlinly like to trade, yoh honah, one ob dese reah lawyers for a witness."—Kansas City Journal.

# The Church of Gold.

There is no structure just like St. Mark's in Venice in the world. Its bulb shaped domes and minaret like bellfries remind the visitor of the orient. It seems more like a Mohammedan than a Christian temple. In the facade are scores of variously colored marble columns, each one a monolith and all possessing an eventful history. Some are from Ephesus, others from Samarra, others from Constantinople and more than one even from Jerusalem. St. Mark's is the treasure house of Venice, a place of pride as well as prayer. The work of beautifying this old church was carried on for five centuries, and each generation tried to outdo all that had preceded it. The walls and roof are so profusely covered with mosaics and precious marbles that it is easy to understand why St. Mark's has been called the "Church of Gold."

# NORTH CHARLEROI REPUBLICANS WHO MADE HARD FIGHT RECEIVE

The Democratic candidates were favored in the voting at North Charleroi. Wilson for president and Carson for assembly were complimented with a vote of 63, the highest for any single individuals or individual tickets. There were five Prohibition and 21 Socialist votes. State Treasurer—Young, R & W, 17; Berry, D 62.

Auditor General—Powell R & W, 8; Cresswell, D 59.

James W. Walker, of near Coal Creek, defeated for Assembly.

President William H. Taft, and the late vice president, James Sherman.

### Monessen Bull Moose.

Monessen polled a big vote in Tuesday's election. Out of a total of 1,174 ballots cast Roosevelt polled 502, Taft 282, Wilson 197. Editor C. L. Schuck of the Monessen News, one of the Republican candidates for assembly who was endorsed by the Washington party, is believed to be elected, as well as the other Republican candidates for assembly in Westmoreland county.

Governor Johnson's progressive administration of California has cost the State during its first year a million and a half more than the last year of the previous administration cost, and it is asserted that the holders of the many new jobs created are required "voluntarily" to contribute ten percent of their pay to the Roosevelt-Johnson campaign sack.

Assemblyman William Feeney, of Charleroi, defeated for re-election.

## RETURNS LOCALLY

Election returns were as well handled in Charleroi as they were anywhere. They were received over special wire at the Democratic headquarters, the Washington party headquarters, the Elks' club and at the Palace Theatre. Thus Charleroi people were kept in touch with the returns as they came from all over the country. It was only about 10:30 when the news came from a New York newspaper that Wilson had the necessary 266 electoral votes to enable him to be declared the winner of the Presidential race. This announcement was greeted with hurrahs by Democrats and as an inevitable consequence by the rest. An immense crowd lined McKean avenue watching the flashing of the returns from the Democratic headquarters and the Washington party headquarters were besieged with anxious voters until away after midnight. The Mail covered the local returns and received the first news of any definiteness from the county and district.

Congressman Charles Matthews, who was beaten in a hot fight.

## STATE FIGHT CLOSE

(Continued from First Page)

Roosevelt sweep so pronounced as in Pennsylvania.

The congressional situation is still in doubt, but the indications are that the Democrats have greatly increased their representation in congress from Pennsylvania and for the first time in the history of the Republican party may have a majority of congressmen from the Keystone state.

The legislative situation also is still in doubt, the Democrats claiming that they will have an even break. Indications, however, are that the Republicans will still control the legislature, but by a greatly reduced majority.

It is probable that the state Republican ticket is elected by a safe majority, as well as the four Republican candidates for congressman at large, as this ticket was endorsed by the Roosevelt people.

Both President Taft and Col. Roosevelt early conceded their defeat and each telegraphed congratulatory messages to the successful Democratic candidate.

## ALLEGHENY COUNTY GOES FOR ROOSEVELT

Roosevelt has carried Allegheny county by 17,000 according to estimates at noon with the majority of the district reported. Wilson is running second, but is being stubbornly pressed for that place by Taft.

The returns indicate that Powell and Young will carry the county easily for auditor general and state treasurer.

For congressman-at-large John M. Morin is running ahead of his colleagues on the ticket.

Congressman Stephen G. Porter of the Twenty-ninth district seems sure of election. There is doubt in the other three districts.
